# Program 54a

(miles per gallon)

Program Description: Using the following data, calculate and print out the average miles per gallon for each vehicle. Round the output to the nearest 10th gallon. Be sure to use variables with easily recognizable names.

Vehicle	Miles	Gallons
1970 VW Bug	286	9
1979 Firebird	412	40
1980 Subaru	361	18
1975 Cutlass	161	11

Statements Required: Assignment, Output, Rounding

Sample Output:

Kansas City Grand Prix
Miles/Per Gallon

1970 VW Bug averaged	31.8 m/g
1979 Firebird averaged	10.3 m/ga
1980 Subaru averaged	20.1 m/g
1975 Cutlass averaged	14.6 m/g
